### Descrizione

Maritime chartering is carried out with 20 and 40 box, refrigerated and open top containers. We also provide Groupage services by sea with departure from Bari for all destinations: the term 'Groupage' indicates a shipment which consists of small consignments coming from different shippers in a given country and addressed to different recipients in the same country. The grouped orders will form a batch, which will then be placed into a loading unit (container, pallet, etc.) and transported. To guarantee an efficient Groupage service, Bruno Milella & C. s.r.l. employs highly professional and competent operators, who are the point of reference for the various customers, responsible for matching and joining the various goods.
